

## Who We Are

The Mustard Seed Foundation is a Christian family foundation established in 1983 under the leadership of Dennis W. Bakke and Eileen Harvey Bakke. The Foundation was created as an expression of their desire to be faithful stewards of the financial resources entrusted to them, to bring together the members of their extended families into common ministry, and to advance the Kingdom of God. The Foundation provides grants to churches and Christian organizations worldwide that are undertaking new ministry projects including outreach, discipleship, and economic empowerment. The Foundation also awards scholarships to Christians pursuing advanced educational degrees in preparation for leadership roles in both the Church and society. The Foundation affirms the Lausanne Covenant as its missional commitment to the world. All directors and staff of the Mustard Seed Foundation are committed followers of Jesus Christ.

## 2014 Overview

As we begin our fourth decade as a Christian family foundation, Mustard Seed Foundation continues to partner with churches and organizations around the world as they evangelize, disciple, serve, and encourage people in the communities where these ministries are located.

2014 was, thankfully, a year when we experienced stability and normalcy within our organization. The Foundation's \$2.5 million operating budget was slightly higher than the previous year. We awarded 215 grants to ministries in 39 nations. MSF grants, ranging in size from \$200 to \$30,000 with an average grant size in 2014 of about \$5,000, represent the "mustard seeds" of faith and stewardship that we pray will be abundantly multiplied.

We continue to love the remarkable faces and stories of our grantees: from a church that participates in prison ministry to gang members and their families in Guatemala City, to a Cairo church that has established a nursing training center to equip Christian care-givers, to a Gospel music themed church in Paris. We are encouraged that there appears to be a rebirth of faith in Eastern and Western Europe, where small congregations fearlessly love their neighbors and replicate themselves throughout Europe. In many contexts in Asia and Africa, Christians reach out to serve their Muslim neighbors with pre-schools, job training programs and outreach to refugees.

The Harvey Fellows program, now in its twenty-first year, has matured as our alumni seek to be Christ's witness in positions of leadership in higher education, the arts, government, and the marketplace. We celebrate the recent publication of *Faithful is Successful*, a collection of essays on the tensions inherent in integrating faith and vocation, written and edited by Harvey Fellows alumni. In February a selection committee comprised of the Harvey Fellows Alumni Board and several MSF Board members selected 14 new Fellows. Total funding in 2014 was \$308,484 for 35 Fellows.

Last year we awarded 39 Theology of Work grants totaling \$222,755. These grants enable churches and seminaries to conduct Theology of Work courses both for pastors and for laypersons worldwide. We note an exciting new development of a Theology of Work curriculum that is being piloted in Christian schools in the U.S. and internationally.

Lowell Bakke concluded his five-year term on the Mustard Seed Board. We are grateful that Lowell will remain involved through his administration of the Theology of Work grants. We welcome Eric Bakke to the Board. Eric's heart for teens and his musical gifts will greatly bless our work together.

Jill Jensen, who served on the MSF staff for close to ten years, departed in the fall to give more attention to her young children and growing family coffee business. Jill constantly amazed us with her organizational gifts and her capacity to learn anything new thrown her way. We miss her presence on our team. In a wonderful "Back to the Future" event, Nancy Gray returned to the Foundation staff nine years after she left to spend more time with her family. Welcome back, Nancy!

We are grateful to God for His continued abundant provision of the necessary financial resources to fund Mustard Seed Foundation. We also are thankful for the opportunities to participate in significant "mustard seed" ministries by partnering with faithful, courageous followers of Jesus Christ around the globe.

Dennis and Eileen Bakke

## Grants Overview

In 2014 we awarded \$1,151,600 in grants matched by local churches to help establish 215 new innovative, grass-roots ministries mostly in the largest urban centers of the world.

As our name implies, the Mustard Seed Foundation provides seed funding for small startup projects primarily to churches around the world. We seek to partner with local congregations that identify, equip, and support their members who are called to specific areas of ministry in the Church and society. We look for initiatives that offer innovative approaches to church-based ministries.

Mustard Seed seeks to help launch projects through its grants as a minority partner, providing funds over a limited time period, and in a way that encourages self-sufficiency and reliance on indigenous church support. We consider local church accountability and financial support to be primary indicators of the priority and integrity of a particular project and key to its long-term sustainability. All of the funds given as grants are matched by funds from local churches connected to the projects.

The Foundation recognizes the unique challenges and opportunities faced by urban churches. As the world rapidly urbanizes, we believe that investing in churches located in large cities to be particularly strategic. The Foundation awards most grants in the largest urban centers of the world.

Mustard Seed awards grants to a wide variety of projects. We typically fund initiatives that share the gospel with non-Christians (outreach), generate income and economic decisionmaking opportunities to poorer Christians (empowerment), or equip Christians to better proclaim and demonstrate the gospel (discipleship).

---

### T.A. Bakke Award

Each year the Mustard Seed Foundation designates one grant award as a special tribute to the life of one of our founding board members. Tollef A. Bakke was a second generation Norwegian immigrant who lived and worked in the Pacific Northwest and Colorado. He also participated in a trip to the Holy Land that profoundly influenced his faith.

We recognize the grant award to Shoubra Evangelical Church in Egypt. This was a \$7,250 grant matching church support to establish a charitable dental clinic in the Cairo community of Shoubra.

---

### Savina Tong Award

Savina Tong represented the Foundation for eight years to encourage the work of local churches in East Asia. Savina helped the Foundation to connect with the fast-growing church of mainland China as well as in the more open locations of Hong Kong and Taiwan. Since her passing in 2010, the Foundation has selected a grant award each year as a tribute to her life and ministry among us.

We recognize the grant award to Higashi Tosuka Christ Church in Yokohama, Japan as our 2014 Savina Tong Award. This was a \$15,000 grant to establish a church-based English language outreach ministry to the community surrounding the church.

\$2,600

## Harvey Fellows Program

In 2014 the Foundation invested \$314,860 in support of 35 graduate students preparing to enter strategic vocations in academia, the arts, and the marketplace. We were privileged to award 14 new fellowships to an extraordinary group of graduate students from around the world.

The Mustard Seed Foundation initiated the Harvey Fellows Program in 1992 to mark, equip, and encourage followers of Jesus Christ who seek to actively integrate their faith and vocations as leaders in strategic occupations where Christians appear to be underrepresented. This idea grew from our understanding of God as Creator and Redeemer,

not only of human beings, but also of society's disciplines and structures. Our desire is to identify, prepare, and celebrate this generation's Josephs, Lydias, Daniels, and Esthers—Christians who will assume positions of leadership and influence in society. The Harvey Fellowship is a stipend of \$12,000 that may be renewed for up to two additional years. The award is given to outstanding students enrolled at a premier graduate degree program and is therefore very competitive. Harvey Fellows typically attend schools considered by professionals to be among the top five globally in a given subject area or specialty.

### 2014 Harvey Fellows Advisory Board

The Harvey Fellows Advisory Board is comprised of elected Fellows who help guide and provide vision for the program, as well as encourage the network of Harvey Fellows. The following Fellows served on the Advisory Board in 2014:

Lia Chavez (2007 Fellow)  
Nikki Hevesy (1995 Fellow)  
Randy Heinig (1993 Fellow)  
Sean McCowry - Chair (2007 Fellow)  
Andrew Watkins (2008 Fellow)  
Joshua Walker (2007 Fellow)

Year indicates year Fellow was selected.

## Theology of Work

In 2014 we awarded 39 Theology of Work (TOW) grants totaling \$222,755 to seminaries and ministries worldwide. Over 5,900 students participated in courses in hopes that through them churches will actively teach their congregants a strong theology of work that brings the same sense of calling to one's work in the world as one's work within the Church.

The Theology of Work grant program was established in 2007 in collaboration with Bakke Graduate University (BGU). The aim of this special grant initiative is to enable theological institutions and training organizations worldwide to instruct seminarians, pastors, and educators in a biblical basis of a theology of work. It is our desire to see those trained through our grants begin teaching and modeling this theological concept in their own churches and ministries. This theological understanding empowers

lay people to infuse their Christian faith in the institutions, structures, and industries in which they work throughout the week.

TOW grants are awarded to theological institutions; both formal and non-formal, to create and offer courses that teach students a theology of work. The institutions are encouraged to integrate this theology into their core curriculum to continue to teach the course after the grant-funded classes are completed. The TOW grant program is administered by BGU, which fosters a network of people and resources specializing in developing and teaching curriculum for theology of work.

## Financials

The Foundation's expenditures totaled over \$2.4 million in 2014. 70 percent of these funds were given through 215 grants to churches, 35 scholarships to individuals and matching gifts.

Providing grants for small startup projects of churches in major urban centers worldwide remains the primary giving area of the Foundation, as it has been since the Founda-

tion's inception. The remainder of the Foundation's giving was channeled through the Harvey Fellowship, the Theology of Work grant program and matching gifts.

### 2014 Expenditures
